

Now what?

Become a licensed **Social Service Worker!**

The University of Utah College of Social Work now offers three online courses necessary to become licensed as a **Social Service Worker (SSW)** in the state of Utah:

- **Social Welfare Policy**
- **Human Growth and Development**
- **Social Work Practice Methods**

To qualify for a SSW license, you must have a bachelor's degree (in any discipline), have completed 2,000 hours of experience under the supervision of a mental health therapist, and have successfully passed (grade of "C-" or better) the above classes.

All of these affordable online classes are designed to be taken at the non-credit level by professionals throughout the state. You do not have to be an admitted University of Utah student, nor a degree-seeking student, to enroll. Upon successful completion of each class, you will be awarded a certificate of completion, which is recognized by the state Division of Occupational and Professional Licensing (DOPL).
