

Vista at Dimple Dell Canyon

10209 Dimple Dell Road
Sandy, UT 84092

Primary area of focus: Mental Health

<https://dimpledellcanyon.com/>

Vista at Dimple Dell is a clinically sophisticated program that helps teenage girls get their lives and relationships back on track. With a careful balance of challenging therapy, rigorous academics, and fun recreational activities, our students learn the skills needed for a healthier and happier life.

Vista Dimple Dell serves female adolescents ranging from 13-18 years old.

Vista Dimple Dell uses Dialectical Behavioral Therapy as a foundational therapeutic modality. DBT skills are taught to students, staff and interns. No formal training opportunities available.

Vista Dimple Dell is a residential treatment center that is fully staffed 24 hours a day. Therapists are generally on campus between 9am-5pm Monday – Friday and available on call nights and weekends. Due to the supervisory needs between the therapist and intern, we are looking for an intern during therapist working hours with an occasional night or weekend for special outings/activities.

We are looking for an energetic, engaging and motivated individual who feels comfortable asserting themselves and building a trusting relationship with our students. With an emphasis on recreational therapy, we're also looking for an individual who would be interested in attending outdoor recreation activities.

We are looking for ONE MSW Intern to join us Fall 2021 – Spring 2022.

Stipend amount \$1000 per semester.
